

HD 7000 Electric Punch and Bind

The HD 7000 is an all-metal multifunctional binding machine. The HD 7000 can bind plastic comb, double loop wire and coil. The HD 7000 is sold as a base punch with one die of your choice. You can then buy additional dies for different types of binding. A wire comb, double loop wire and coil attachments are available as well to help with your binding needs. The HD 7000 has a 30-40 sheet electric punching capacity and can bind documents up to 14" long.

Features

- NEW Patent Pending QCDS - QUICK CHANGE DIE SYSTEM.
- Price includes choice of one of the interchangeable punch patterns for all popular binding styles.
- 14" open ended punching edge allows wider sheets.
- Easy and accurate vertical sheet loading.
